Explanatory notes:

1. For KS3, the teacher represents who is delivering the session, for example all year 7 students in school will be with Miss Akinson on Tuesday morning, whilst those students at home will be with Mrs Kemp.
2. All work will be set via the student's normal google classroom, even if the session is delivered at a different time or by a different member of staff.
3. In a hybrid lesson, the teacher will be delivering face to face education for those in school, and inviting students at home to join them via a google meet or setting work on the google classroom.
4. Coaching timings - in school follow normal timings to allow for staggered lunch. Remote learners dial in for coaching session between 13.45-14.15.
5. Google meet codes will be available shortly before the start of the lesson. Parents have been previously asked to read and confirm the online safety requirements for google meet, if you are experiencing difficulties accessing a live lesson, please call to office to ensure parents have completed the consent for this aspect.
6. Students in Year 10 will follow their normal timetables, with priority and key worker pupils in school being taught face to face, and remote learning pupils joining the lesson via google meet in a hybrid lesson. Once we have confirmed which students are attending site, we may chose to split some lessons into defined remote learning and on site lessons. This will be communicated by the class teachers via google classroom.
7. Students in Year 11 are expected to be taught face to face, with any student required to self isolate joining the lesson via google meet.
8. Timetabled P6 classes for Yr 11, pupils will continue as normal, with after school transport via the minibus available for those who book in advance
9. Homework clubs, and after school buses are planned to run on Monday and Wednesday for Yr 11 only and Thursday (KS3) for students in school.
